Your friend needs to check the lambing ewes on the quad bike. They know they'll have to travel over some bumpy ground to get to where the sheep are.

Which quad bike would you recommend they use?

A neighbour is building new cattle yards. They are deciding on how best to secure the gates in the forcing yards.

Would you recommend they use slam-latches on their gates, or chains that are latched by hand?

An employee needs to move the portable grain auger into a new paddock.

In which position should they place the auger before transporting it?

Your friend is planning to spray their crop for pests.

Which tractor would you recommend they use to pull the boom spray?
